

Everything but the kitchen sink.

When it comes to delivering fun, convenience and security for your home, we have it all.

(see your plumber for the sink)

Home **THEATER**

There's home theater, and then there's *Sunfire*-Optimized Home Theater. Meticulously crafted speakers, subwoofers, processors and amplifiers designed by Bob Carver & his team that, when used together, ensure you are experiencing the very best in home theater sound.

Home **MANAGEMENT**

Everything you need to ensure that your home is comfortable, secure and running as efficiently as possible. Easily manage and control lighting, climate, security and more from home or away using **HomeLogic Technology** on a touch panel, PC, laptop, Smart Phone, or iPhone®!

Home **ENTERTAINMENT**

Superb music and high-definition video delivered to every room in your home. All with one touch. Let us entertain you — we've been doing it for twenty years, and nobody does it better.

Designed to work together for you.
